

KnifeCut 4-30BT

Hose cutting machine

KnifeCut 4-30BT

Cutting

KnifeCut 4-30BT is a pneumatically operated cutting tool for cables, polyamide and textile reinforcement hoses. It is controlled by a foot pedal, suitable from 4 mm to 30 mm OD and is supplied with two tools, one for standard hoses and one for twin hoses. Because of the guillotine knife the cut is in perfect angle and it leaves the hose free from rubber waste.

DIMENSIONS

Length/ Width/ Height.....250x320x440 mm
Weight..... 14 kg

DESIGNATION:

KnifeCut 4-30BT

PART NUMBER:

9085-01-01

SPARE PARTS:

Knife 50x55x2,5

PART NUMBER:

9079-99-01

TECHNICAL DATA

Hose capacity 4-30 mm OD
Air pressure 6,0 bar
Cutting force 1683 N
Colour..... Light grey
